

LABEL DEPARTMENT MANAGER

Elmark Packaging, located in West Chester, PA has an immediate opening for an experienced Label Department Manager. This is a position with a progressive, growing label manufacturer. We are a well-established business with a climate controlled facility.

Responsibilities include:

- Develops and executes growth plans for the Elmark Label Department
- Manages all print department manufacturing activities
- Coordinates production, sales, technical and process activities for Elmark Packaging's label department
- Primary technical resource for label customers and sales personnel
- Plans and formulates product development proposals and estimates, costs of project, process protocols and process validation
- Supervises technical resources needed to accommodate customers' requirements for finished products

A successful candidate should possess:

- 7-10 years of label industry experience
- In-depth knowledge of materials including substrates, liners, adhesives, coatings, inks and printing methods required
- Proven leadership skills
- Sales or sales support experience

Elmark Packaging offers competitive wages and an excellent benefits package that includes major medical & dental insurance, 401K with guaranteed match and generous vacation time.
