Rondo-Pak Adds High-Speed Packaging Press to Puerto Rico Facility

San Juan, Puerto Rico – **Rondo-Pak**, a leading provider of quality folding cartons and printed components to the pharmaceutical, medical device and consumer industries, has continued its investment in its Puerto Rico manufacturing facility by adding a high-speed Heidelberg packaging press.

The installation of the press brings increased speeds, expands capacity and broadens the range of products that can be manufactured directly on the island. Rondo-Pak provides a wide range of folding cartons, packaging components, and printed materials that, together, meet comprehensive supply chain needs for its worldwide customer base.

The press adds to Rondo-Pak's already substantial capabilities in Puerto Rico, where its Package Engineering Group and Technical Service Team provide turnkey line optimization services for Puerto Rico's array of pharmaceutical manufacturers. As part of the Körber Medipak Systems network, Rondo-Pak works hand-in-hand with all of the KMS companies (Dividella, Mediseal, Seidenader and Werum IT Solutions) to optimize packaging line performance with uniquely engineered packaging component materials.

"The expansion of our Puerto Rico facility is only one part of our \$30-million-dollar investment in technology, equipment and personnel across our network of facilities," said Victor Dixon, President & COO of Rondo-Pak. "This investment also includes our new facility in Camden,

New Jersey that will feature new print and packaging technologies and provide additional capacity and backup for our Norristown, Pennsylvania and San Juan, Puerto Rico facilities.”

About Rondo-Pak

Rondo-Pak is a global print and packaging specialist providing effective solutions and comprehensive services to the pharmaceutical and life sciences industries. The company’s portfolio of sophisticated packaging solutions addresses precise requirements for compliance, child resistance, anti-counterfeiting, e-pedigree and more. Rondo-Pak has been a recognized leader in pharmaceutical folding cartons for over 70 years, and is a proud part of the Körber Medipak network of companies.

Recently, Rondo-Pak added to its legacy of success by merging with Contemporary Graphic Solutions. The merged business offers customers an extended range of printed packaging formats such as inserts, leaflets, medication guides and regulated marketing materials – all in addition to the premium packaging solutions upon which Rondo-Pak has built its reputation.
