Rondo-Pak, LLC to Hold Open House for New Camden, NJ Facility in Conjunction with Pack Expo East

March 2 Showcase of New \$30 Million Production Plant Follows Heightened Presence at Pack Expo East, including Biopharmaceuticals Packaging Workshop on Feb 27

Camden, NJ – **Rondo-Pak**, a leading provider of quality folding cartons, printed components to the pharmaceutical, medical device and consumer industries, will cap a busy **Pack Expo East** week in Philadelphia with an open house celebrating its brand new manufacturing facility in nearby Camden, NJ.

From February 27-March 1, Rondo-Pak executives and engineers will staff **Pack Expo East Booth #852** to discuss the company's broad range of products, a portfolio that most recently includes new quick-to-market carton capabilities in partnership with its Körber Medipak Systems network of companies. In addition, on the show's opening day, February 27, Rondo-Pak will host **Healthcare Packaging & Processing Conference on Monday, February 27** at 11am, a workshop exploring the biopharmaceutical industry's recent impact on packaging.

Following the show's conclusion, Rondo-Pak will host a **full day open house**. Transportation will be provided from the Convention Center and Center City Philadelphia hotels to the new facility, located just across the river at **1200 Ferry Avenue, Camden, NJ**.

The \$30 million investment includes new state-of-the-art printing and finishing equipment, added and enhanced services and capabilities, and increased warehousing capacity for a more streamlined order fulfillment process. Designed to maximize production workflow efficiencies for Rondo-Pak's comprehensive, start-to-finish production environment, the facility will be home to several new packaging technologies currently under development.

Highlights of the open house include:

- Representatives from **Körber Medipak Systems**, Rondo-Pak's parent company, will be on hand to discuss the benefits of integrating materials, machinery, and software to address comprehensive packaging supply chain needs.
- Experts from Heidelberg will detail the features and benefits of the new **Heidelberg XL 106 LED UV Press**.
- Experts from Bobst will discuss the features and benefits of the new **BOBST EXPERTCUT 106 Die-cutter**, among the most advanced of its kind on the market.
- Regular presentations, tours, food & refreshments, and giveaways & prizes throughout the day.
